**Meeting of Network Partners**

*Date*: April 22, 2020; 11:00 am-1:00 pm

*Location*: Virtual, GoToMeeting Link: https://global.gotomeeting.com/join/662928581

*Attendees*: TBD

*Topic:* Pilot Implementation

*Agenda*:

1. *Welcome and Checking In*

2. *Pilot Study*

   - *Goal of Pilot Study: determine feasibility of our Network and increase buy-in*
   - *Context: COVID-19 pandemic relief*
   - *COVID-19 has serendipitously prepared us to virtually reach out to and treat our patients. While the vision for the pilot has changed in some respects, we are being adaptive and feel we can ask very important questions of feasibility.*

**C5 RURAL** Pilot Timeline: May 1 – June 30, 2020

**Methods:**
- Network Partners disseminate flyers for C5-Rural behavioral health services through various channels (website, poster in breakroom, live ad during a sermon, social media, email, etc.) with a contact number to reach out for help – 815-872-2943.
- C5-Rural staff conduct pre-intake and refer to treatment.

**Data Collection: (Note: we are ONLY testing feasibility, not care quality)**

| Feasibility Questions | Feasibility Measures |
|---|---|
| Can we recruit our target population? | # reached out to us in May-June<br>time-to-treatment<br>successful referrals |
| Who/what is the referral source? | Name and type of organization<br>In-network or out-of-network<br>Type of media channel |
| Optional: Pain points of data management | Patient satisfaction<br>Clinician feasibility |

**Analysis:**
- Is our target pop. effectively being reached through our Network Partners? New Partners to bring into Network?
- What channels were effectively used to reach target population?
- How quickly could we get our target population into treatment?
- Optional: What pain points did clinicians encounter with data plan? What was streamlined?

3. **Network Grant Opportunity** *(see page 58-59 of attachment, "Preventing Suicide: A Technical Package of Policy, Programs & Packages")*

4. **Network Organizational Assessment**

5. **Feedback:** Questions

6. **What's Next?** Pilot Implementation begins May 1; keep an eye out for flyers and other material for you to share through your channels. Next Meeting: Wednesday, May 27, 2020.  Topic: Pilot in Progress
